STUHR consists of 3 business areas. Hairdressing salons, which are the core business. STUHR Interschool, which was established back in 1976. Professional hairdressers from Denmark and abroad can be inspired and learn new techniques at STUHR Interschool with regards to haircuts, coloring and styling.

1976 was also the year STUHR introduced the Stuhr Hair Care series on the Danish market, which today, 41 years later, is still among the best-selling hair products in Denmark.

Olsson24 ApS was advised by a team led by Karsten Pedersen and Andreas Egeblad Arendt.
